

Daily Progress Report

Arkavo Hait, Sagnik Bhattacharya, Aman Deep Singh

May 29, 2016

Summary

Prepared a rough code which would be used in the final program. The Code only applies to one force: Gravity. However it is still text based but prints the results unto a text file.

Detailed

May 16, 2016

Created repo on GitHub

May 17, 2016

Created abstract idea for main code

May 24, 2016

Arkavo Hait

Started learning CUDA, from documentation and a tutorial (link in repo).

Sagnik Bhattacharya

Started a course on Udacity on Parallel programming using CUDA. Completed Lesson 1: The GPU programming model.

Aman Deep Singh
